PRODUCT SHEET TOWING CHAIN

Damen Anchor and Chain Factory (AKF) is the only company in the world that has been approved by Lloyds Register of shipping for manual welding of anchor chain up to 95 mm. We are able to manufacture custom made towing or mooring chain by using our anchor chain from stock. This way we can deliver towing or mooring chain quickly and efficiently. The chains welded and tested with LRS can be recertified by most other major bureaus of class with the exception of ABS.

Please contact us if we can provide you with a quotation for your towing or mooring job.
